

METRO 3400

VIDEO PROVIDES A RELIABLE WITNESS

The METRO 3400 hybrid mobile surveillance trailer configuration is our highly featured system designed to provide reliable video collection. This is a useful solution for commercial, education, and law enforcement organizations. The use of one HD fixed camera and one HD PTZ camera allows you to “keep an eye” on everything in the area and zoom in on points of interest. This configuration is ideal for unattended long-term deployment on a remote street or at an event. The system will operate using a gas generator for a few weeks on a tank of fuel and will have the ability to be monitored remotely via cellular. With its 600-watt solar panels, it can be left at a location indefinitely to provide remote active monitoring.

The MPS Metro configuration has a full complement of defense options that include:

- Top mast LED flood lights provide a total of 40,000 lumens into a specific area, or in two directions to flood the general area.
- Top mast strobes provide deterrence and triggers when the system is in an alarm status.
- Body riding lights can be set to be continuous, or to flash as a deterrent, or as a safety indicator.
- 1 superior multi sensor panorama camera creates a high quality 360° view. The camera is excellent in low light conditions and provide 24/7 recordings of all activities at the site.
- The PTZ camera allows you the ability to zoom in to get clear closeups or park the camera on a point of interest. The image quality is outstanding even in low light with a range of 450 feet in total darkness.

KEY FEATURES

- Commander 3400 Mobile Surveillance System
- MP Status and Control System
- Robust Email and SMS Notifications
- 36 ft. Stabilized Electric Mast System
- Fold Down Electric Mast Operation

- Gas Generator System – Approx. 20+ Days Operation per full tank
- 1200 Ah AGM Battery Pack
- 1 – PTZ Camera 30X 1080P, IR
- 1 – Fixed Dome Camera 8 MP Multi-sensor, 360°, IR
- 4G Cellular Modem/Router
- WiFi System Local Hot Spot/WAN as WiFi
- 16 Port Gig Network Switch
- Full Automation Kit
- Semi-Hardened Laptop VMS 2 TB HD
- Approx. 25 Days of Retained Recordings
- Video Management Software
- 40,000 Lumen Top Mast Light Kit
- Top Mast Strobes
- 3 – 40', 120° Motion Detectors
- Heavy Duty Front Wheeled Jack
- Tool-less Removable Camera Mounts
- 4 Camera Internal Storage Rack
- Rollout Storage Container
